Feedback from Childrens Continence Lead Nurse

April – June Parents Voice report

Page 20 Continence Service wait times.

Wait times for both children and young people's nurses and the continence service are at about 13 weeks, late Feb into March at the moment. (now Dec 23).

The CYPN team will do initial continence assessments including products, toilet skills development and night time wetting.

Continence service will deliver the more specialist work and health care professionals will refer to us if needed.

July - Sept Parents Voice report.

Page 18 Nappies

Size 8 nappies, I am not aware of where these can be bought, most companies only go up to a size 7 then it is moving onto adult size continence products which usually start at Xsmall.

Lidl and Aldi do a range of adult continence products but I am not sure of the range
