April – June Parents Voice Report

Page 41 -Response to “Your say” post about the Nursery setting (Sandhills)

Please could we have the below response published in relation to the lovely review.

“Thank you so much for your kind words, it was a pleasure working with your family.

As a setting we strive to ensure all children have positive experiences and learning opportunities. SEND is such a passion of mine, therefore it is so nice to hear feedback of the impact we are having on the families working alongside us. We hope he continues to thrive in his future experiences.”

Jodie
