

Sonia Currier

Children and Young People Programme Manager

Lincolnshire
Integrated Care Board

03/02/2023

Links to current CYP Health Strategy for Lincolnshire 2019-2025 priorities:

- Develop new pathways of care which focus on prevention and early intervention
- Develop skills, knowledge and capacity in primary and community care
- Develop services to promote care at home for CYP with long-term conditions and non-acute illness
- Prevent avoidable admissions for CYP who are mild to moderately acutely unwell
- Develop inpatient services for acute and planned admissions

Asthma, Epilepsy and Diabetes

- Networks
- Pathways.
- Reduce unplanned admissions.
- Reduce School Absence.
- Increase in participation in normal day to day activities including sport and physical activity.
- **Transition** to adult services
